DETAILED ACTION

Election/Restrictions

1. Applicant's election with traverse of invention elected in the reply filed on 12/06/04 is acknowledged. The traversal is on the ground(s) that these inventions would infringe upon one another. This is not found persuasive because these claims as amended do not infringe one another. Further, for restriction purposes the independent claims are compared and these claims are not the same since claim 3 merely includes perforating the well along with a well drilling derrick and claim 11 includes specifically lowering a perforating gun and perforating the well without a well drilling derrick. No argument is provided for claim 17, thus the restriction requirement stands.

The requirement is still deemed proper and is therefore made FINAL.

Information Disclosure Statement

2. The information disclosure statement filed 12/06/04 fails to comply with 37 CFR 1.97(c) because it lacks a statement as specified in 37 CFR 1.97(e). It has been placed in the application file, but the information referred to therein has not been considered.

3. The information disclosure statement filed 12/06/04 fails to comply with 37 CFR 1.97(c) because it lacks the fee set forth in 37 CFR 1.17(p). It has been placed in the application file, but the information referred to therein has not been considered.

Allowable Subject Matter

4. Claims 1-10 are allowed.

Conclusion

5. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
